Graduated with 90.00 %

SSC (CBSE), K.D Ambani Vidyamandir

Apr 2014 - Apr 2015

Graduated with 9.8 CGPA

PROJECTS

License Plate Detection Parking App

Python code for image detection and image to text conversion. Written in Jupyter Notebook and trained using pre-trained model. A supporting app made in Java to make use of Python code for commercial parking spaces. UI of the app is available of my behance page.

Water Level Sensing In Tank

A LabVIEW setup to detect when the overhead tank starts to overflow to close the water flow outlet. Tested with actual sensor and overflowing overhead water tank at home. Our solution to avoid water wastage in small towns.

Face Detector

Python algorithm trained using real time pictures amd made with OpenCV library. Fcaes are detected in real time when the device's front camera is turned on.

EMPLOYMENT HISTORY

UI/UX Designer, Nirmitee.io

Oct 2021 - Jan 2022

Designed wireframes, user flows and final website designs for clients from various backgrounds such as finance, retail and e-commerce

Graphic Designer, Woovly India

Jul 2021 - Sept 2022

Created graphics for the company's website and social media such as banners, Instagram posts, stories, and advertisement media.

EXTRA-CURRICULAR ACTIVITIES

Speaker, Toastmasters International

Mar 2018 - July 2020

A speaker at Toastmasters International at VIT, Vellore. Was enrolled in the pathway- Strategic Relationships. Had the opportunity to deliver numerous speeches and evaluate some. It was an enriching experience which taught me effective leadership and communication skills as well as teamwork.

COURSES

Front-End Basics, FreeCodeCamp

UX Design, Interaction Design Foundation
